VT No. Finish

11-1253 Black

11-1258 Silver

11-0156 Piston Set

11-0157 Ring Set

The Sifton cylinders have a very thick, large O.D., "cast in" liner which has been proven to be an important factor to maintain thermal stability which is the ability to retain the important cylinder bore dimension through repeated heat cycles.

Oil Fix Kit for Big Twin Evo models includes 2 cylinder base gaskets and 2 oil jet controls which control the oil coming from the head through the barrel and into the case, so the oil does not touch the base gasket thereby not leaking through the base gasket.

VT No. 15-0597

For V-Rod

1320cc Big Bore Kit for V-Rod includes 12:1 compression forged Wiseco Piston Set with rings and matched 4.250 bore gaskets and sleeve set included. Order O-Rings separately. Case boring required.
