

# Welcome to Our 2010 Catalog

We are one of the original Aftermarket Companies exclusively supplying products for Harley-Davidsons with over 35 years of motorcycle parts. The parts featured in our catalog can be purchased worldwide through our Authorized Dealer retail outlets and online stores.

Our product line represents the most complete range of parts and accessories in the industry. We inventory over 30,000 different parts including hard parts for engine and transmission rebuilding, carburetor, chassis, frame components, wheels and restoration items to fit models from the 1930's to current models.

We supply many OEM brand replacement items including Timken bearings, Hasting rings, Wagner lighting and Fel-Pro Gaskets. Our warehouse and distribution lines include Accel, Corbin-Gentry, S&S Products, Barnett, Bendix, Primo, Manley, Rowe, Russell, Andrews, James, Delkron and STD.

Many items are produced by our V-Twin Manufacturing Division, and are distributed by Tedd Cycle, Inc. All products are stocked in our 150,000 square foot facilities in Kansas City and New York. We ship daily by UPS for domestic orders and service to New York airports and docks for export shipping.

### We're on the web!

Visit our user friendly web site [www.vtwinmfg.com](http://www.vtwinmfg.com) for real time inventory. To begin, simply key in a part number to view product description, pricing, inventory and an alternate part number (when available). An OEM cross reference is also available.

Additional copies of our catalog and catalog on disk can be requested through our web site: A link is available online to download our entire catalog to your computer.

### See your dealer today!

We, Tedd Cycle, Inc., sell only to legitimate motorcycle businesses (licensed commercial places of business serving the general public in the area of motorcycle sales, service and/or parts and accessories). We require our dealer application to be completed and returned to us. Upon dealer approval, we will send our dealer price list and catalog. All products are sold by application only to replace stock components and by year and model application. To become an authorized dealer:

- You must be in the retail motorcycle business or own a motorcycle repair shop and
  - You must include a copy of your business license and photos of your shop
- Inquiries can also be sent to Tedd Cycle, Inc. 250 Lake Street, Newburgh, NY 12550

### Check out our web site!

Our easy to use web site allow you access to our real time inventory, pricing and more.

- Full Color Catalog

Feel free to peruse our full catalog online online. Our catalog is divided into 5 sections with an index for each section. Just click on the index for the applicable section to view our catalog or you can also browse page by page.

### Stock & Price Checks

Just key part numbers for stock availability and retail prices. You will also see the item description and if there is an alternate part number available.

### OEM Cross Reference

Simply type in an OEM part number and you will see a list of all our part numbers that work in that application, along with our part number, description, stock and pricing.

### Shipping information

- Order Fulfillment

We will ship your order from the warehouse nearest you.
