Chrome Steel Inner Shifter Arm includes stainless allen screw and washer.

VT No.	Speed
17-0966	5
17-0968	6

This V-Twin part is a steel forging. In this process, the steel is first fired as a red hot ingot, next a huge air hammer compacts and orients the grain structure into a rough shape of the part, subsequent hits form the part into its final shape. After which it is machined and heat treated which results in greater strength and resistance to wear. V-Twin supplies many products which are of forged construction, including connecting rods, frame components and kicker arms.

Billet Shift Arm fits 5 & 6 Speed Big Twin transmissions.
VT No. 17-0666

Chrome Billet Shifter Rods. Order ends separately. Overall length includes threaded ends.
