Adjustable Transmission Plate. The built in dual adjusters operate from the end of the 1/2" thick steel place by counter bored socket head screws which allow accurate alignment of the mainshaft and are ideal for open belt drives models. The three holes at the front fit various frames. Fits 4 speed Big Twin transmissions from 1979-86 with flat bottom cases and 1936 to early 1978 cases if the sliders are milled off the bottom of the case.

VT No.	Finish
17-7660	Chrome
17-7661	Black

Billet Offset Transmission Plates for 4-Speed, 1/4" offset.

VT No. 17-0790

Rigid Frame Transmission Plate Spacer will raise transmission position on 1936-57 frames.

VT No. 31-0491

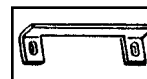

(A) Transmission Adjuster Kit includes three pieces as shown allowing the late model transmission case to be secured and adjusted. Strap and adjuster bolt available separately. For use on 1936-64 model Big Twin.
