Carb Kit

Eliminator II SU Carburetor Kit includes upswept polished manifold and float bowl and a shortened dome to fit Evolution engine with a 3.5 or 5 gallon tank. Upswept manifold design creates as much as 20% horsepower gain while smoothing out performance over the entire RPM range. Also allows leg clearance when using 5 gallon tanks because the carburetor is tucked in close. Kits include chrome leveling bracket, manifold, necessary mounting bolts, push pull throttle bracket and installation instructions. Fits 1966-84 Shovelhead.

VT No. 35-0050

Mikuni HSR 42 Carburetor Kit for 1970-84 Big Twin models. *Note: Includes carburetor, manifold and air cleaner assembly. VT No. 35-9118
